English

Previous Projects

keeper app
https://github.com/mmaysam/keeperApp1

🗓 it's my fist app i used React-JS to create it with in Mar2022
This project is a Keeper app built using ReactJS..
The app can be useful to keep a track of your day-to-day works to do.
Notes can be created and deleted.

MyReads
https://github.com/mmaysam/new-myReads02

🗓 it's my second app i used React-JS to create it with in Jun 2022
In the MyReads project, you'll create a bookshelf app that allows you to select and categorize books you have read, are currently reading, or want to read.

create it in Feb 2022

The Dicee Game
https://github.com/mmaysam/dicee-game

🗓
created using DOM
Simple dice rolling between two players
